1 INTRODUCTION

...

2 STUDY SETTING AND METHOD

...

In this study, we conducted a systematic literature review (SLR), as presented by Kitchenham et al. [1].

- used search terms
- criteria for including and excluding papers etc.

3 RESULTS

...

- some meta info, e.g. a bar chart of the publications years
- discuss the papers, maybe in some kinds of thematic categories
- synthesis

4 DISCUSSION

4.1 Key Findings

...

4.2 Implications for Software Development

...
